Safe  Haven

Help us to rescue, rehabilitate and rehome defenceless animals

Each year we help over 1,000 animals to find safe and secure homes, providing the much-needed love, care and attention they so truly deserve.

It's a saddening fact that every minute of every day animals are suffering heart-breaking cruelty and neglect.

For more than 145 years Abbey Street Animal Rehoming Centre, your local rehoming centre for the Derby and Derbyshire area, has been rescuing, rehabilitating and rehoming animals in need. We're there to help animals who have suffered horrific acts of cruelty, are unwanted or simply abandoned on the streets of Derbyshire.

Our dedicated team works tirelessly to provide the specialist accommodation, healthcare, nutritional support, play and comfort needed to help animals in need on their road to recovery. Tragically many of the animals that the Centre cares for have suffered terrible experiences. Whilst often we can't heal the psychological effects, time, play and cuddles are the vital ingredient in helping us to build trust once again, so they can find loving homes.

The work we do at Abbey Street Animal Rehoming Centre is only possible due to the kindness and generosity of our supporters – as an independent charity, we rely entirely on people like you to raise the £9,500 per week it costs to provide a Safe Haven for the many animals we take in each year – **without your support, we simply wouldn't be here.**

**£5** will buy an **interactive toy** to stimulate the dogs in our care

**£10** will buy a **specialist bed** and bedding for an older dog

**£25** will buy a bag of **specialist food** for animals with digestive problems

## Your support helps us to find safe and loving homes for animals affected by cruelty, like Snoopy...

Snoopy, an elderly cat who suffered a horrific act of cruelty was bought to Abbey Street, your local Animal Rehoming Centre, by a RSPCA Inspector. A member of the public alerted the RSPCA after witnessing a group of youngsters attacking the cat.

Snoopy received specialist dental care, plus medication for various ailments due to her age. A matt of fur was removed from her body which was over an inch thick and her in-growing claws were clipped. We provided specialist food for her elderly and stressed tummy, as well as the shelter of a Safe Haven for her to recover. It was suspected that Snoopy was simply abandoned and forced to live on the streets in her vulnerable elderly state due to her age, as are so many of the animals we receive.

Our dedicated team provided her with the encouragement, strength and support she so desperately needed to even start her recovery – there was a long road ahead of her.

Sadly we couldn't heal the trauma of Snoopy's experience, but we could make her comfortable and happy so she lived out her last days with a loving family.

**With your help we can reach many more animals each year, please support us today.**

**"Despite the trauma she received Snoopy is an incredibly affectionate cat - our hearts broke at the thought of what she had suffered and how she could still find the love in her heart to trust the species that treated her so cruelly."**
